

Artenliste: Wiese Nummer 3 (W3 - Code 2.2.14.1)
 östlich an Abbaubereich 6 angrenzend

Anhang Tab. A-7

RL	SL	Grasartige-Grünlandarten	H/D	RL	SL	Kräuter-Grünlandarten	H/D
		Agropyron repens				Bunium bulbocastanum	
		Alopecurus pratensis				Calamintha clinopodium	
		Anthoxanthum odoratum	1			Calystegia sepium	
		Arrhenatherum elatius	2			Campanula rapunculus	+
		Avena pubescens	+			Campanula rotundifolia	+
		Brachypodium pinnatum				Carlina vulgaris	
		Brachypodium sylvaticum				Centaurea jacea	+
3		Briza media	+			Centaurea scabiosa	
		Bromus commutatus				Centaurium erythraea	
		Bromus erectus	1			Cerastium glomeratum	
		Bromus mollis				Cerastium holosteoides	r
3		Carex caryophylla		V		Cirsium acaule	+
		Carex flacca	1			Cirsium tuberosum	r
3		Carex panicea				Colchicum autumnale	
		Carex sylvatica				Convolvulus arvensis	1
V		Carex tomentosa				Crepis biennis	r
		Cynosurus cristatus				Daucus carota	r
		Dactylis glomerata	1			Epipactis sp. juv. (helleborine ?)	
		Festuca arundinacea	+			Euphorbia cyparissias	
		Festuca ovina agg.		3		Falcaria vulgaris	
		Festuca pratensis	1			Filipendula ulmaria	
		Festuca rubra agg.				Fragaria vesca	
		Holcus lanatus	2			Galium album	1
		Koeleria pyramidata	r			Galium verum	r
		Lolium perenne	+			Geranium columbinum	r
		Luzula campestris	r			Glechoma hederacea	
		Phleum pratense agg.				Heracleum sphondylium	r
		Poa pratensis agg.				Hieracium pilosella	
		Poa trivialis	1			Himanthoglossum hircinum	
		Trisetum flavescens	1	3		Hippocrepis comosa	
						Hypericum perforatum	r
						Hypericum hirsutum	
						Inula salicina	
						Knautia arvensis	r
						Lathyrus pratensis	r
						Lathyrus sylvestris	
						Leontodon hispidus	r
						Leucanthemum vulgare agg.	+
				V		Linum catharticum	
				V		Listera ovata	
						Lotus corniculatus	1
						Malva moschata	
						Medicago lupulina	+
						Medicago sativa	
				3		Melampyrum arvense	
						Mentha arvensis	
						Onobrychis viciifolia	+
						Ononis repens	1
						Ophrys apifera	
V		Anthyllis vulneraria		V		Ophrys holosericea	
		Barbarea vulgaris		V		Orchis mascula	
		Bellis perennis				Orchis militaris	
		Grasartige-Störzeiger					
		Alopecurus myosuroides					
		Bromus arvensis					
		Bromus inermis					
		Bromus secalinus	r				
		Bromus sterilis	+				
		Calamagrostis epigejos					
		Hordeum distichon					
		Triticum aestivum					
		Kräuter-Grünlandarten					
		Achillea millefolium agg.	+				
		Agrimonia eupatoria					
		Ajuga reptans					
		Allium oleraceum					
		Allium vineale					
		Anacamptis pyramidalis					
		Anthriscus sylvestris					

RL SL	Kräuter-Grünlandarten	H/D	RL SL	Kräuter - grünlandtypische Störzeiger
2	Orchis morio			Cichorium intybus
	Orchis purpurea			Cirsium arvense +
	Origanum vulgare			Epilobium hirsutum
	Pastinaca sativa			Equisetum arvense
3	Peucedanum carvifolia			Eupatorium cannabinum
	Picris hieracioides			Geum urbanum
	Pimpinella saxifraga			Lathyrus tuberosus
	Plantago lanceolata	+		Myosotis arvensis
	Plantago media	+		Plantago major
	Polygala comosa			Rubus fruticosus agg.
	Potentilla reptans	+		Tanacetum vulgare
	Potentilla sterilis			Urtica dioica r
3	Primula veris			
3	Prunella laciniata			Kräuter - sonstige Störzeiger
	Prunella vulgaris	r		Anthemis ruthenica
	Ranunculus acris			Brassica napus
	Ranunculus bulbosus	+		Capsella bursa-pastoris
	Ranunculus repens			Cirsium vulgare
V	Rhinanthus alectorolophus	r		Dipsacus fullonum
	Rhinanthus minor	1		Erigeron annuus
	Rumex acetosa	+		Euphorbia stricta
	Rumex crispus			Geranium dissectum r
3	Salvia pratensis	+		Geranium pusillum
	Sanguisorba minor	1		Geranium pyrenaicum
V	Scabiosa columbaria			Lactuca scariola
	Senecio erucifolius	r		Lapsana communis
	Senecio jacobaea	r	V	Lathyrus aphaca
3	Silaum silaus	+		Lepidium campestre
	Solidago canadensis			Linaria vulgaris
	Solidago virgaurea			Mercurialis annua
	Taraxacum officinale agg.	+		Papaver rhoeas
	Thymus pulegioides			Rumex sanguineus
	Tragopogon pratensis	+		Sinapis arvensis
	Trifolium campestre	r		Sisymbrium officinale
	Trifolium dubium			Sonchus arvensis
	Trifolium hybridum			Sonchus asper
	Trifolium medium	+		Sonchus oleraceus
3	Trifolium ochroleucum	r		Tripelurospermum inodoratum
	Trifolium pratense	1		Tussilago farfara
	Trifolium repens			Viola arvensis
	Valeriana officinalis agg.			
	Veronica arvensis			Gehölze
	Veronica chamaedrys			Acer campestre juv.
	Veronica serpyllifolia			Acer pseudoplatanus juv.
	Vicia angustifolia	r		Clematis vitalba
	Vicia cracca	+		Cornus sanguinea juv.
	Vicia hirsuta			Crataegus sp. juv.
	Vicia sepium	r		Ligustrum vulgare juv.
	Vicia tetrasperma			Prunus avium juv.
	Viola hirta			Prunus spinosa
				Quercus sp. juv.
				Rosa canina juv.

H/D: Häufigkeit/Deckungsgrad

r: 1 bis 3 Individuen

+: 4 bis 30 Individuen

1: > 30 Individuen, Deckung < 5 %

2: Deckung 5 - 25 %

3: Deckung 26 - 50 %

4: Deckung 51 - 75 %

5: Deckung 76 - 100 %
